15th - 18th November is a week to pray for persecuted Christians, we are invited to wear something red on Wednesday

Pope Leo XIV said the persecution of Christians remains "*one of the most widespread human rights crises today.*"
Some 413 million Christians live in countries where religious freedom is severely violated - that's 18%, or about one in five Christians.
The most dangerous places for Christians are typically countries where totalitarian or authoritarian governments restrict religious freedoms, where Islamist extremism is present, or where there are significant nationalist or tribal hostilities toward religious minorities.
